DOCUMENT NAME

Dear Raytheon,

Out of the 12 apostles I think Judas was the best written character in the Bible. Especially on his redemption arc wherein he hanged himself. He truly regretted his selfish acts.

I think the hate he gets from the fandom is unjustified and without a doubt Judas is a underrated character and poorly understood by fans. I know the cliché of the antagonist having their own redemption arc is overwhelming but man, did the author overdo their self by creating a more flavorful and savory story for Judas rather than making a bland overused plot.

That's why I think Judas deserve to be on my S-Tier character in the bible. I just want a bible 2, in Judas's perspective. Jesus was kind of sus.
